Ds. Getas Pejaten Rt 1/3, Kec. Jati, Kab. Kudus

I am a Mathematics graduate from Universitas Gadjah Mada with a strong passion for data science, machine learning, and data analytics, as well as mathematical cryptography research. With a solid background in analytical thinking and problem-solving, I am eager to explore how data can enhance decision-making and drive business growth.

Education Level

Universitas Gadjah Mada - Indonesia

Sep 2020 - Jul 2024

Bachelor of Mathematics, 3.72/4.00

- Developed mathematical and logical thinking.
- Conducted research on attacks against RSA cryptosystem.
- Participated in several seminars related to mathematics and cryptography, both as a participant and as a speaker.

Lintasarta Cloudeka Digischool 2023 - Indonesia

Jan 2024 - Jun 2024

Certificate in Machine Learning Developer

- Completed some course related to machine learning and its applications.
- Deployed models to web apps using TensorFlow.
- Developed Machine Learning Operations (MLOps) at Cloudeka.

Work Experiences

PT. Neural Technologies Indonesia - Indonesia

Feb 2025 - Present

Data Scientist

As a Data Scientist, I am responsible for collecting, analyzing, and interpreting datasets to help organizations make data-driven decision. My work focuses on transforming raw data into actionable insights through statistical analysis, machine learning models, and data visualization.

Freelance Tutor - Indonesia

Feb 2024 - Dec 2024

Tutor

As a tutor, I provide educational support and teaching to elementary school students, assisting them in understanding their academic subjects.

Department of Mathematics, Universitas Gadjah Mada - Indonesia

Sep 2023 - Jun 2024

Lecturer Assistant of Multivariable Calculus and Introduction to Cryptography

As a lecturer assistant, I assisted in grading assignments and quizzes, providing feedback to students to support their learning. I also coordinated with the lecturer to ensure the smooth management of course tasks and addressed any issues related to the coursework.

Department of Mathematics, Universitas Gadjah Mada - Indonesia

Sep 2022 - Jun 2023

Lab Assistant of Linear Programming, Introduction to Numerical Analysis and Computational Mathematics

As a laboratory assistant, I collaborated with the team to prepare materials and coordinated with lecturers and laboratory staff. Additionally, I used Python 3 with Google Colab and Jupyter Notebook for various programming tasks.

Organisational Experience

Community Service Program (Kuliah Kerja Nyata) UGM 2023 - Indonesia

Jun 2023 - Aug 2023

Student Coordinator

- Established a team (unit) of 25 members, divided into 3 sub-units.
- Led and coordinated the team to ensure smooth execution of all programs.
- Collaborated with community leaders and stakeholders to identify community needs and develop relevant programs.

MATRIKS 2022 - Indonesia

Feb 2023

Committee of Field and Spatial Planning

- Planned the location and layout of event spaces.
- Assessed site conditions to meet safety and logistical requirements.
- Coordinated with team members to monitor and oversee operations during the event.

HIMATIKA (Himpunan Mahasiswa Matematika) - Indonesia

Feb 2021 - Feb 2022

Staff

- Contributed as a staff member in the Human Resources Development Department of HIMATIKA.
- Focused on developing programs and initiatives to enhance the skills and growth of mathematics students.
- Maintained organizational relations with other departments.

MATRIKS 2021 - Indonesia

Feb 2022

Committee of Media and Publications

- Collaborated with design team to create various design assets, including posters, virtual backgrounds and backdrops.
- Managed social media and handled publications for the event.
- Coordinated with other committee members.

Math League 2021 - Indonesia

Apr 2021

Committee of Media and Publications

- Coordinated with the design team to create several design assets.
- Produced a video for the competition announcement.
- Monitored and maintained media equipment.

GAMATOKU Tryout and Webinar 2021 - Indonesia

Jan 2021 - Feb 2021

Committee of Sponsorships

- Identified potential sponsors by researching and reaching out to businesses and organizations that align with the event's goals.
- Developed sponsorship proposals that outline the benefits and opportunities for sponsors.
- Collaborated with other divisions.

English Conversational Club - Indonesia

Sep 2018 - Jun 2019

Staff

- Developed soft skill and communication in English.
- Organized and planned discussion topics and activities.
- Coordinated with other staff members.

Skills, Achievements & Other Experience

- **Language:** Bahasa (Native), English
- **Hard Skills:** Python, C++, HTML, CSS, JavaScript, Network Fundamental and Linux, Google Suite, Microsoft Office, Adobe Photoshop, Power BI
- **Soft Skills:** Problem-solving, Technical, Management, Leadership, Teamwork, Counting, Critical Thinking, Communication
